

# Birko Domestic & Commercial Urns

## Safe and reliable portable urns.

A size to suit any need. Polished stainless steel body with vented cool to touch, twist to lock lid.

**High quality & low maintenance** – Chrome plated brass tap at a comfortable cup height and polished stainless steel body with vented, twist-to-lock lid. Welded joints for superior corrosion resistance and effortless cleaning.

**Temperature control** – thermostat has variable settings, for greater control over the boiling water.

**Safety** – Push button over temperature cut out turns off the power if the urn boils dry and the non-drip tap prevents accidents and mess.

**All you need** – indicator light, water level gauge, heat-resistant knobs, easy-lift safety handles and enclosed lockable lid.
